Yes, you can. It is just like being in a casino, but you play on your phone and tablet.

Depending on which country you are in, Google's policy may not allow any sort of real money/cash gambling app (including casino apps) in the play store. The UK, for example, Google does now allow real money apps. In the US, they don't. So if you are in New Jersey and want a mobile casino, you need to download them directly from the operator. This is the case in a lot of countries, so you have to download the apps away from the Google Play store. This can be done on our site and also directly with the casino operators directly. You may need to allow 3rd party settings in your phone or tablet settings.
