The slot has simple gameplay, and it is quite easy to start with the bets. However, big wins may not occur right from the start. It is a medium-to-high variance slot wherein wins are less frequent compared to low-volatility games. All the wins occur from left to right, and you get to win a prize if 3 or more identical symbols land on adjacent reels. The only exception is the Black Panther symbol that awards a prize even if only 2 of a kind occur on adjacent reels from left to right. Wins involving stacked 2x symbols often reward huge payouts that tempt the players to bet more.
