The free robux card codes are the cards that were given out to players who completed a certain action on Roblox. The player would then be able to collect the card and have it autoclaimed as soon as they logged into Roblox. Codes could be used to redeem the extra Robux and Builders Club. Codes were received through several different ways. Players could receive a code from a friend, or they could get a code from the internet. Codes were sometimes given out for certain reasons, such as attending conventions for Roblox (ROBLOX RocketCon) or writing about Roblox on your blog/website. Codes are autoclaimed when you log into your account on ROBLOX.

ROBLOX has been accused of copyright infringement multiple times by numerous people, most notably after the company decided to include music of band Crystal Castles in their popular game The Longest Day.

Rated 5 out of 5 by Anonymous from I love roblox This game is great! I play it all the time, it helps me a lot with my school work! It also helps me get better at math and reading. We are supposed to have it in our classroom but we only used it for homework so far. The thing that I don't like about this game is that some one really has to tell you what to do. They don't run the servers themselves so they often change things and cut off some features. It's also expensive, but I think it's worth the money.
