Rated 5 out of 5 by Anonymous from I love this game! This game is so fun and addicting! You can create your own avatar or characters and make them the way you want to. Then you can go on adventures with your friends all over various places, such as the woods, Medieval times, Downtown, or even outer space. You can do this in a bunch of different games. Not only is there adventure games, but you can play games like a shooter game, or even just a regular sandbox game where anything goes. My friends and I have been playing this game for years and we love it so much. It's great for kids to play because some of the games are educational and some are not. There are a lot of things to do on this game, and it's worth the money!

On November 2nd, 2018, ROBLOX announced that the company is looking into implementing state-of-the-art anti-cheat technology. This was made to reduce the chances of "botters" putting random objects in games that don't belong there or making designs that look like they can be through a video editor. The company also stated that if there are any issues with their anti-cheat software, they will let everyone know as soon as possible.[24]

Builders Club Premium can be used in games greatly increasing the amount of Robux and/or XP a player earns by a given amount. If used, then Builder's Club is required to play those games. There are two types of premium features: content premium and currency premium. Content Premiums typically involves a single item or feature that changes the game mechanic, such as more life points and/or more room to build, or increased maximum health for monsters. Currency Premiums usually involve the addition of new items to the game that are only available through favorable conditions (for example, allowing players to purchase a specific item for Robux). Some Currency Premiums can also require membership in Builders Club.

ROBLOX has partnered with Twitch since November 2015 to promote each other.[46][47] ROBLOX allows Twitch users with a verified channel to have an emote based on their Twitch avatar that can be used in the game and vice versa. In August 2016, ROBLOX announced Twitch Prime as one of the benefits that members would receive for being a subscriber. It was first available as a free trial. On January 30, 2017, ROBLOX added a special gift of virtual currency to Twitch Prime members every month. This virtual currency is obtainable by watching adverts on Twitch and logging in with an account that has been linked to ROBLOX.[48] On February 5, 2017, ROBLOX announced that they would be removing the link between Webkinz ID and Twitch Prime.[49]
