Roblox is the most popular online game in recent years. One of the major features of Roblox is its attention to detail and graphics, which are unparalleled among other games. You can play Roblox on any browser as well as on your Android, iOS, and Windows devices. The storyline incorporates a quest to defeat all evil in the simulated world.

On January 12th 2019 RoBoX Studios uploaded a video of them waving in front of cameras. The description of the video said "Moped Wave" and there was a picture of the thumbnail saying "Moped Wave". Fans thought it was an advertisement for one of potential future projects. A few days later they uploaded a second video called "RoBoX Studios". This time they were counting to 12 in front of cameras with different colored backgrounds. On January 22nd 2019, after over a month, they have uploaded another video titled "RōBux". The description teased about a possible RōBux 2, which is a mini game in ROBLOX which is cash oriented. On February 18th 2019, they have posted another video titled "RSK", which is short for ROBLOX Studio Kit. This video showed three new projects that were planned to be released with tips on how to create them. On February 19th 2019, they had uploaded yet another video titled "ROBUX". This was a video where it showed a projected page about ROBLOX and what people play. The description read "ROBLOX has more than 200 million users who love playing Roblox games! Which is why next week we will be releasing RSK - the new Roblox Studio kit! It will feature tons of cool features and tools you can use to make awesome 3d games. Keep an eye out for RSK next week. The post was then deleted, then the video was deleted, likely to stop rumors and speculation of a new studio kit.[48] On February 26th 2019, they released RSK to the public under build mode.[49]

On May 12, 2016, ROBLOX announced that its first paid product (ROBLOX Credit) would be released on the 7th of June 2016. Later on July 4, 2016, ROBLOX Credit will be released to a limited number of people and then will eventually be released to everyone with their first payment plan in July 2017. On September 15 it was available for all users to purchase via Paypal or Credits. On May 17, 2017, ROBLOX announced that starting on May 26, users who had never purchased or used ROBLOX Credit will have to purchase it using real money.

3. Due to the fact that there is no way to get more revenue from robux, there needs to be a way for people who have robux on their account that they cannot withdraw.
4. The rule that is stated to be against ROBLOX's rules is not an actual rule but it is a suggestion to stop inappropriate content.

ROBLOX also offers a plugin system similar to most other websites that can give access to nearly all items on its website, except for things like accounts and global objects like chat rooms. Plugin developers can add their own items to ROBLOX through a GUI. However, this is only for private-use plugins and is not available to the public.
