I just wanted to let the readers know that Roblox is not a bad thing for children to play. It teaches them a lot of skills that will help them in the future. It teaches them how to be helpful, creative, and patient. I am writing about Roblox today because I am fairly new to the game and am trying to get used to it. I have had Roblox for about 6 months now, and I am sort of over it. However, I really love the game. It is a creative game where you can design an avatar and have a house to decorate.I just wanted to write this because I know there are a lot of people who have been searching for my story on Roblox. Everyone has their own opinions on the game, but as soon as I found out that my parents were coming to visit me on Friday, I found out that they were going to be seeing where i spend most of my time playing games online: namely https://www.roblox.com/.I was very and extremely shocked that I hadn't clicked on the site before this - it means I really could have been playing the game for a lot longer. A lot of my friends have played this game and now I'm starting to understand why they say it's such an addicting game!

In order to use the free robux script, you have to be able to install and operate a Facebook page. You also need to install 'Secret Scripts' and 'RoboForm' software which are compatible with your operating system and other software installed on your computer.

There are also other options to get free robux. Some players have found ways to get free robux without having an account and without downloading ROBLOX Studio (which is the free version of ROBLOX) by using a different method or by using a fake card:

Rated 4 out of 5 by Anonymous from I love it! Roblox is amazing! It is very fun but it does took a lot of time to get friends. Rolbux takes minimum 15 minutes to get a new account, and that's only if you have middle schooler's range.
