Roblox has been criticized for allowing children to have weapons in their games and for hosting violent games with weapons such as guns and knives. In 2018, the company announced that they would be implementing an age verification system for their games. As a result, on September 19, 2018, Roblox was one of the first services to implement this new feature.

This tool has a very simple setup as everything will be done automatically for you. This means that you don't have to do much of the work, and you should be able to get free robux on roblox from now on. This is more than enough for anyone out there to get started with!

My friend told me to download roblox and I did it but the only problem is that there are so many things to download 20gb but overall it is so cool I love it! Rated 5 out of 5 by Anonymous from Fun Fun Fun Great game for all ages. It shows you the basics on building your character and some scripting as well. Not to mention, the multi-player features that ROBLOX provides.

The canonical website for Roblox is robux.com, but many unofficial websites have been created due to the Roblox website's outdated and limited features. Some of these sites include ROBLOXHQ.com, ROBLOXFanSite.com, ROBLOXFanZone.com, ROBLOXAlbum.com, and ROBLOXFanGallery. These websites have been shut down on multiple occasions due to copyright issues or because they did not comply with the Roblox Terms of Service (ToS).[63] As of March 11, 2014, only the official website will be used for legal purposes by Roblox.

On February 2nd, 2019, an announcement was made by ROBLOX as they were planning on allowing users to purchase 'Clips' which are in-game blocks and scenarios that can be used in their games.[108] These Clips would later become part of their new launch system that will be called Studio and released at a later date.
