On April 13, 2016, ROBLOX partnered with Nintendo to release a catalogue of upcoming Nintendo Switch games. On June 18, 2016, ROBLOX partnered with Rockstar Games to release an online game based on Grand Theft Auto V. The game was released on July 2 for both PC/Mac and Android devices. The iOS version of the game was made available in December 2016. In October 2017, ROBLOX also launched their version of PayDay 2 which is now available for iOS devices. 2018 also saw the partnership with Activision to promote the release of Call of Duty: Black Ops 4. In addition, iOS users would be able to play Black Ops 3.

ROBLOX has an official YouTube channel. The channel shows animated shorts for the popular game "Abobo's Big Adventure". The videos are created by the user SamoDaCar as part of a deal with ROBLOX.[44] The videos are often posted by other YouTube channels that show other parts of ROBLOX games, such as "Meet Youtuber" and "ROBLOX Adventures", where SamoDaCar comments on his channel. There's also a show called "ROBLOX Top Model", which is a spin-off about girls who compete to be the next top model. The show is hosted by user and famous ROBLOX player Xmithie. There are 6 seasons in all, with a total of 35 episodes.[45]

Roblox gives players the option to purchase membership for High School, Middle School and Elementary years. Players can upgrade their account to a VIP member which gives them time to play online when not connected to school wifi, and playing in moderation on weekends after school. Memberships cost between \$9.99 USD (\$10 Note: this price has increased since August 2018 but was not posted until September 2018) for elementary students, \$12.99 USD (\$13 Note: this price has increased since August 2018 but was not posted until September 2018) for middle school students and \$17.

However, there is no way to directly transfer items or coins between accounts unless both parties are friends with each other on ROBLOX; however they can work around this by transferring the item to a shared place and trading the item from that point.
