One of the reasons why Roblox has become such a big hit is because it lets you play with your friends in a virtual world that is full of adventure. It's not just for kids either, but especially for teens and adults as well because there are tons of things to do in here. It is a place where you can have fun and meet new people online. Most importantly, you can learn a lot of skills since Roblox has so many different games and places to visit.

If you want free robux fast, then you may just have to spend real money. This is obviously a very risky method that could get you banned from twoplustwo, but it can also work very well if done correctly and with attention to detail. I currently have a spreadsheet that has various amounts listed for different offers and payment methods. I am currently using Paypal as my main source of income, but I am considering switching to a more reliable service like Bitcoin or Amazon gift cards. Make sure that you always use a different email address for each of the sites you are selling your items on so that they do not go straight into your inbox or spam folder. I don't want people knowing that I am using this method as these will probably give me a bad reputation.

In July 2018, Roblox had allegedly banned several high-profile creators due to the fact they made violent games. Although Roblox claims users were banned "due to improper behaviour" nothing has been proven yet. The situation is occurring in many forums and websites. In July 2018, ROBLOX put out a statement saying that they did not ban any creators, but instead were involved in a legal dispute with the people who claimed to have been banned.[82] They later said that anyone who was banned for making offensive content was "part of an organized effort by bad actors to scam our users. We have no tolerance for this behavior and we're doing everything we can to protect our community." [83]

Trivia In 2014, ROBLOX created a game called "Tank Trouble" that was very similar to the popular game "Minecraft". This caused a lot of people to leave ROBLOX due to the lack of creativity and stealing other companies ideas. Later on, Minecraft and ROBLOX started exploring ways to work together which ended up in creating an official version of Minecraft on ROBLOX as well as adding multiple features from Minecraft into their site. The official version is called "Bloxburg" and the unofficial version is called "Roxburgh".

Rated 4 out of 5 by Anonymous from AWESOME!! I love ROBLOX SO MUCH!! It has all these cool games and places where you can buy stuff. It is a really fun game where you can make friends. Rated 4 out of 5 by Anonymous from Love it I've been playing this since 2006, still playing it today, I would recommend this to people 8-14. Some add ons are pricey but the game overall is great.
